## SNBP

SNBP (Seleksi Nasional Berbasis Prestasi) or Achievement-Based National Selection is a selection scheme that focuses on providing high rewards for comprehensive learning success in secondary education. In this scheme, a special assessment is carried out based on the average report card score for all subjects and components that explore students' interests and talents.

## SNBT

SNBT (Seleksi Nasional Berbasis Tes) or Test-Based National Selection is a selection scheme for entering state universities through written exams which are carried out simultaneously throughout Indonesia. Selection focuses on measuring reasoning and problem solving abilities based on scholastic tests which measure four things, namely cognitive potential, mathematical reasoning, literacy in Indonesian, and literacy in English.

## MANDIRI

Unair's independent selection (Mandiri) is the selection intended for graduates of Senior High School/equivalent together with equivalency exams both from within the country and abroad who have the academic ability to attend and complete higher education attentively.
